A PREACHER ON THE MUSCLF.

Birmingham, May 31.-Rev. W. D. Ernest, who is the Methodist minister in charge of the church at Wyland, a small mining town near this city. did the John L. Sullivau act last night to an unruly youth who disturbed church worship and knocked out the fellow in the first round. A protracted meeting has been in progress for some time. Several young men and women have been so boisterous in the rear part of the church during services that Mr. Ernest was compelled the other day to have one of the youths arrested, wis exhortations having proven unavailing.

Last night the same youth was noisy again, and Mr. Ernest remonstrated in vigorous languago from the pulpit, make terse and tart English in doing so. When his sermon had been conpluded the young man walked up to the rostrum, and after some parley, demanded an apology. At the same time, perhaps to frighten Mr. Ernest into acquiescence, he put his hand in his hip pocket as if to draw a pistol. Mr. Ernest leaped down from the ros trum and intercepted the movement with his left hand, while he let the young fellow here it square on the jaw with the other. The result was that the youth in about two seconds lay prostrate on the floor, wrigging like a fish-worm.

The congregation was greatly excited and some of the women screamed a TREATMENT FOR FURNITURE trifle, but in the main the worshippers heartily endorsed their pastor's action. The young man was taken outside and cooled and washed off. The consenaus of opinion is that Mr. Ernest will have good behavior during the remainder of the meeting .- Atlanta Journal which may be on the polished sur-REWARDED FOR HIS HONESTY.

In a small village near Nottingham, trke equal parts of the best boiled lin-England, a farm laborer went to the general store, kept by an old woman not overstocked with brains, and asked for "a pahnd o' bacon."

The old lady produced the bacon and cut a piece off, but could not find the pound weight.

"Oh, never mind t' pahnd weight," said he; "ma fist weight just a pahad, so put ther bacon in t' sorles."

The woman confidently placed the bacon into one side of the scales, while the man put his fist into the other side and, of course, took good care to have good weight.

While the woman was wrapping the bacon up the pund weight was found and, on seeing it, the man said:

"Nah you see if ma fist don't just weigh a pahnd,"

The pound weight was accordingly put into one cale and the mans fist in to the other, this time only just to balance-

The old woman on seeing this said: "What I never seed aught so near afore! Here's a red herrin' for thee honesty, ma lad."

DIVORCE FROM SNORING SPOUSE.

That a bride's love has its limitations s shown in the proceedings for divorce begun in New York by Mrs. Jennie F uer against her husband, based on the allegations that he snores and grits his testh in his sleep. The couple were married in February last, and Mrs. Fener says she loved her husband devotedly then. Very soon it was noticed that the bride wore a haggard look, which she ascribed to insomnia. Finally, she says, she could stand her h usband's loud snoring no longer, so she has applied for legal separation.

#### DISCOVERED BY A WCMAN

Another great discovery has been made, and that too, by a lady in this country. "Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly, and could not sleep. She finally discovered a way to recovery, by purchasing of us a bottle of Dr. King's New Discovery for Consumption, and was so much relieved on taking first cose, that she slept all night; and with two bottles, has been absolutely cured. Her name is Mrs. Luther Lutz.' Thus writes W C. Hamnick & Co., of Shelby, N. C. Trial bottles free at McCrum Drug Co. Regular size 50c and \$1,00. Every bottle guaranteed.

Judged by the mortality lists that are received from Manila, the number of Americans who are losing their lives in the Philippines, both by wounds and disease, is increasing fearfully, and as the sickly season has now commenced, and as active hostilities are to be prose outed, will be likely to continue to Jo so at least for six months longer. But there are plenty more Americans to take the places of those who lost their lives in the conquered provinces, and the people of this country cheerfully pay all the expenses incurred
